

Ordering Information

Catalog No.	Finish	Description	Mounting
LLFVZBK	Black	Alcyon LED Flood Visor	For use with Alcyon LED Flood LLF27, LLF30, LLF35 and LLF40
LLFVZWH	White		
LLFVZAL	Aluminum		

Features

- 1. Integral Flange:** Steel construction. Along with Tab, secures Visor to a groove on the front of the Alcyon LED Flood (LLF27, LLF30, LLF35, and LLF40).
- 2. Tab:** Along with Integral Flange, secures visor to a groove on the front of the Alcyon LED Flood luminaires. Spring action of Tab allows easy installation and removal of Visor, without the use of tools.
- 3. Integral Side Shields:** Minimize potential light leaks.
- 4. Interior Surfaces:** Finished black to reduce internal reflection and glare.

Finish

All painted finishes: Baked enamel.
